

THING OF TWINS

ONE-SHEET

LA'S DYNAMIC DUO.

LOS ANGELES • ALT ROCK / POP-PUNK • ACTIVE 2018-PRESENT

QUICK BIO

Thing of Twins is a Los Angeles alternative rock duo made up of twin brothers Carlos and Lucio Garcia. Carlos handles vocals and guitar, while Lucio drives the songs on drums and backing vocals. Since 2018, they have built an experience around high-energy, dynamic live performances rooted in pop-punk, emo, and classic punk.

SOUND + VIBE

Big hooks, loud guitars, restless drums, and real emotion. Thing of Twins draws inspiration from blink-182, Green Day, The Ramones, and System of a Down while building something unmistakably their own. The music feels nostalgic without living in the past.
